👤 Profile

I'm a Full Stack Web Development graduate from Purwadhika Digital Technology School, with a strong interest in frontend development. I enjoy building clean, responsive, and modern websites using tools like React, Next.js, and Tailwind CSS. I've worked on both solo and team projects — you can check some of them out on my GitHub. I'm always eager to learn new things, adapt quickly, and excited to grow in the tech world.
