ANAS RAIHAN APRIANTO

VIDEO EDITOR & FULLSTACK DEVELOPER

+62 812 8230 2245 | hianasraihan@gmail.com | github.com/hianasraihan

I'm a Video Editor and Junior Full-Stack Developer passionate about creating engaging digital content. As a CapCut expert, I focus on clean cuts, smooth transitions, and storytelling that connects. On the tech side, I build modern web apps using Next.js, Tailwind CSS, Node.js, and Supabase, all powered by TypeScript for clean and reliable code.

TECHNICAL SKILLS

React.js	CapCut	VN	JavaScript	Python	GitHub
Next.js	Alight Motion	Adobe Premiere	TypeScript	Vercel	HTML

KEY ACHIEVEMENTS

- Edited short videos in CapCut with smooth transitions and clear storytelling.
- Optimized editing workflow for faster and more consistent results.
- Built responsive web apps using Next.js, Tailwind CSS, and Supabase.
- Developed clean and efficient frontend interfaces focused on usability.

EXPERIENCE

Blue Line AutoCare - Frontend Dev (Project)   Jul 2025
- Built and deployed a frontend car service booking website on Vercel using Next.js and Tailwind CSS, delivering a responsive and user-friendly interface.

Still Travel Bali - Frontend Dev (Project)   May 2025
- Designed mobile-friendly and visually appealing pages for tour packages, accommodations, and activities, ensuring a smooth browsing experience on any device.

Ancak Studios - Web Developer (Freelance)   Apr 2025 – Present
- Created and maintained websites, updated interfaces based on requirements, improved usability, and built projects with Next.js, TypeScript, and React.

PT. Arsakha Jannah Wisata - Lead Video Editor   Mar 2024 – Sep 2024
- Handled edits, kept brand visuals consistent, worked with the team, and created engaging videos using Adobe Premiere & CapCut.

EDUCATION
